

Tucson Summer Dining at Elle Restaurant

AWS-Tucson took the opportunity to sample Elle Restaurant's Summer Special – two wines, two courses for \$22 on Thursday June 12, 2008. Owner Jeff Fuld enhanced our event by placing us in the “wine room” which is normally reserved for special events. We had 17 attendees including 5 guests. The wait staff service was excellent and very attentive and... the food absolutely wonderful! I understand that Elle plans to vary the menu several times over the summer so it would be worthwhile to come back for this special again. As an added bonus, Jeff is offering the wines served at a special low price. I think we had quite a few people take him up on this offer – enough so that we ran him out of wine & a few of us will have to pick up our order next week.

Tucson Summer Dining at Elle Restaurant

We really had a good time. Several people suggested other summer events that we will look into – there are probably enough for us to sample one every week! This could be fun!!!!
